Dear Shaukat Ayaz,

I hope this message finds you well.

I would like to provide an update regarding the total number of students enrolled for the Spring 2023 and Fall 2023 sessions. for Spring 2023 stands at 112 students, while Fall 2023 currently has 912 enrolled students.

Additionally, I would like to bring to your attention that we do not have data available regarding first-generation students. This the option to capture this information was not available on our admission form.

Please let me know if further clarification or additional information is needed.  
Thank you.
